

Respect

Strophe 1:

Different cultures, different skins
different talents, different dreams
sportive people, handicapped
being gay, is not a trap

Refrain:

Show respect, tip your hat
Show respect, whoever you are
Show respect, whatever you see
Then you are free

Strophe 2:

We are workers or mechanics
Salesmen, clerks and engineers
We work hard for our success
for solutions in customers' interest

Refrain:

Strophe 3:

We are colored, we are white
from the Asian, or European countryside
In common spirit, we are unified
we are one, and we have pride

Bridge

We strongly believe in respect
Which keeps us on the track
This is our integrity and keeps us free
