

Grafen fail successfully

Strophe

**Working hard on new ideas is key
Along the way some challenges we see
One of them went wrong, destroyed our plan
We don't give up and take what we've learned,
we start again**

Refrain

**GRAFEN fail successfully
mistakes are used to learn
Improvement is our passion
for our ideas we burn**

Refrain

Strophe

**With energy and courage we went on
Experience and innovation won
Focusing our path that's what we've done
Decisions have been made with brain and soul
– we got the goal.**

Refrain
